Let Your Light Shine!

6th November 2026

I hope you all had a restful and enjoyable half-term break and were able to spend some quality time with family and friends. It has been wonderful to welcome the children back to school and see how quickly they have settled back into their routines.

Science Week

Science Week was a fantastic success, sparking curiosity, excitement and enthusiasm throughout the school. Pupils took part in a wide range of engaging, hands-on activities, including exploring the wonders of space in a visiting planetarium, competing in a paper aeroplane championship, experimenting with different bubble solutions, building and launching rockets, and designing and racing their own cars to investigate forces and movement.

The week created a real buzz around the school and provided many opportunities for children to think creatively, solve problems and develop their scientific understanding through practical exploration. It was wonderful to see such enthusiasm and participation from pupils across all year groups.

A special thank you goes to the parents who generously gave up their time to lead workshops and share their expertise with our children. Their support helped make the week even more memorable and provided pupils with valuable real-world insights into science and related careers.

Children in Need – Friday

Next Friday, we will be supporting Children in Need and are inviting children to come to school in mufti or wearing spots to help mark the occasion. Mrs Upsher has kindly set up a JustGiving page for anyone who would like to make a donation. Please find the link here

Throughout the day, the children will take part in a range of fun activities, including a special Pudsey Parade during assembly where they can proudly show off their outfits. There will also be some exciting classroom-based activities and challenges, including the chance to see some baby photographs of the staff and test whether they can guess who is who!

We look forward to a fun-filled day while raising money for a fantastic cause.

Christmas Carols and Crafts for Key Stage 2 Parents

Following feedback from parents, we are delighted to introduce our Christmas Carols and Crafts events for Key Stage 2 this December.
Dates for your diary:

- Tuesday 15th December – Year 4 and Year 6
- Wednesday 16th December – Year 3 and Year 5

Parents are warmly invited to join us for an afternoon of festive carol singing and Christmas-themed craft activities with their children. More details to follow.
