Frieth School Vision statement:

'...Your light must shine before people, so that they see the good things you do.'

Matthew 5:16

Values:

These are the Christian Values that you believe are both taught and learnt in our school.

Kindness
Honesty
Creativity
Responsibility
Resilience
Respect

“The sky has no limits. Neither should you!”

Usain Bolt

PE Vision Statement:

Developing physical literacy and healthy lifestyles to inspire the sporting leaders of the future.

Intent (aims)

National Curriculum Aims:

The National Curriculum for physical education aims to ensure that all pupils:

- Develop competence to excel in a broad range of physical activities
- Are physically active for sustained periods of time
- Engage in competitive sport and activities
- Lead healthy, active lives.

Key Stage 1 National Curriculum Attainment:

Pupils should be taught to:

- master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities
- participate in team games, developing simple tactics for attacking and defending
- perform dances using simple movement patterns.

Key stage 2 National Curriculum attainment:

Pupils should be able to:

- use running, jumping, throwing and catching in isolation and in combination
- play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending
- develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]
- perform dances using a range of movement patterns
- take part in outdoor and adventurous activity challenges both individually and within a team
- compare their performances with previous ones and demonstrate improvement to achieve their personal best.
- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]
- perform safe self-rescue in different water-based situations.

Implementation

PE Curriculum and scheme of work

Planning

The long-term plan and scheme of work for Physical Education incorporates the Primary National Curriculum and the Early Years Foundation Stage curriculum into rolling programme.

P.E topics will be spread over a full term to ensure the skills are embedded before on. The programme is divided into 8 main areas: invasion games, multi skills, gymnastics, dance, swimming, athletics, striking & fielding, net & wall, swimming and Outdoor & Adventure. Invasion games, multi skills, gymnastics, dance and athletics are taught in every year group. Striking & fielding and net & wall are taught every other year.

The swimming element is covered when the pupils are in Year 3, with the option to repeat in year 4, 5 and 6 should they have not met the standard. Outdoor & Adventure activities takes place at River Dart Country Park during

the Year 6 residential trip as well on Sports Week where which includes orienteering, mobile caving and a climbing wall.

Sports Week and Sports Day

Our annual Sports Week gives the children exposure to a range of different sports which are not on the curriculum as well as outdoor activities. These sports include fencing, lacrosse, orienteering, quidditch, handball, climbing, caving and many more. We also welcome in a GB athlete each year to deliver an assembly and lead sessions with each of the classes. During this week, all the learning is linked to sports. For example, in maths the children may create bar graphs to show how long they could throw a javelin or produce pie charts based on their classmate's favourite sports. In English each of the classes learn about a famous sports person and write biographies of fact files. We also value pupil voice and the Children are given the opportunity to choose what they would like in Sports Week which guides the activities.

The week culminates in Sports day which starts with the field events and then moves onto track races. During the day, the whole school also performs a dance to parents and it finishes with the Year 6 pupils competing against teachers in a tug of war.

P.E is taught for at least two hours per week with two different topics covered. One of the topics is taught by the class teacher for one half term and the other half term it is taught by a coach from Premier Sport. For the other topic, the class teacher teaches the full term.

Staff work closely with the coach from Premier Sport to ensure there is consistency of lesson content delivery at the half term change. Staff also have adequate career professional development opportunities, which can include team teaching, shared planning, lesson observations and sport specific coaching.

Planning follows Premier Sports Curricular Topics, Scheme of Work and lesson plans. Dance is linked to topics covered in class and performed to parents during class assemblies. All planning links to the aims as laid out in the National Curriculum.

Physical Education teaching and learning

Physical Education activities involve the pupils in the continuous processes of planning, performing and evaluating. Children are given opportunities to explore, select and analyse movement. Guided discovery is a suitable strategy for children to discover the most effective skills and methods. Whilst performing, the children should be able to; practice and repeat, refine skills, evaluate, observe, adapt and improve. During activities, the children are given opportunities to work on their own, with a partner, in small and in larger groups.

In Physical Education the following framework are suggested as a guide to planning:

- **Invasion Games** - introductory activities, teaching skills, practices, evaluating and improving, application to game Situation, cool down
- **Multi-Skills** - - introductory activities, teaching skills, practices, evaluating and improving, application to game Situation, cool down
- **Gymnastics** - introductory activities, floor work and /or apparatus work, evaluate, improve, cool down
- **Dance** - introductory activities, exploration, creating, performing, peer assessment, closing activities.
- **Athletics** -introductory activities, teaching and exploring skills, evaluating and improving, cool down
- **Striking and Fielding** -- introductory activities, teaching skills, practices, evaluating and improving, application to game situation, cool down
- **Net and Wall** - - introductory activities, teaching skills, practices, evaluating and improving, application to game situation, cool down
- **Swimming** - introductory activities, teaching skills, practices, contrasting activity, closing activities.
- **Outdoor and adventurous activities** - introductory activities, challenges, closing activities.

SEND

We are an inclusive school. As with all subject areas, delivery of P.E is made to all pupils through Quality First Teaching, which takes into account the learning needs of all the children in the classroom. This includes providing differentiated work and creating an inclusive learning environment that is sensitive to the individual learning, emotional, social or economic needs of pupils. Pupils who receive 1:1 support will have access to support during PE lessons where appropriate to their needs. Lesson plans will take account of the differing needs of pupils with SEND however, the school recognises that not all pupils with identified special educational needs require the same level of support in PE as they may do in other core subjects.

Equal Opportunities

Opportunities to take part in the P.E. programme must be open and available to all pupils. All children should be allowed access to and given confidence in the different physical education activities offered, regardless of their ability, gender, sex or cultural background. The content of lessons and the resources available ensure that all pupils are valued equally, able to participate with enjoyment and achieve qualities and standards appropriate to their age, experiences and abilities.

When planning a Physical Education programme to include those with special educational needs, the following principles should be taken into account:

- **Entitlement** - all children are entitled to take part in the P.E. programme.
- **Accessibility** - the programme should be open and accessible to all pupils in a variety of ways, such as modified rules and equipment.
- **Integration** - modifications should facilitate the full

- integration of all pupils as far as possible.
- Integrity - where modifications are needed, the activity undertaken should remain relevant and meaningful.

Health and Safety

Many activities in Physical Education are by their very nature potentially hazardous. Class teachers are ultimately responsible for the safety of the pupils in their care and should always be conscious of safety aspects of the activities they are involved in. Teachers should ensure that the children have sufficient space for the activities they are asked to undertake, that the children are trained in safe working practices and that they are regularly reminded of the need for the safety of themselves and others.

There is a Physical Education Risk Assessment in place which is reviewed on an annual basis by the Headteacher and the staff. Frieth school follows the Local Authority Swimming Policy and requires an NOR to be read, agreed and signed annually with the swimming Pool setting being used. The school also follows the guidance in 'Safe Practice: in Physical Education, School Sport and Physical Activity' ninth edition 2016

Dress

Children and staff must be dressed appropriately for the activity they are undertaking.

Indoor P.E

children must wear plain shorts and a plain T-shirt tucked in. The clothing must not be baggy or have pockets, straps or anything else which may get caught on equipment. Children must have bare feet unless there is a medical reason otherwise, e.g., foot injury. A verruca sock can be worn for comfort if necessary as cross infection is not an issue

Outdoor P.E.

plain shorts and T-shirts, with a suitable sweatshirt, jumper or tracksuit for colder weather. Football strips are not allowed. Children must have a change of footwear for outdoor P.E. which must be appropriate for the activity being undertaken i.e. trainers. Children must not share footwear and tights are not to be worn during PE.

Swimming

a swimming costumes and a cap and no jewellery. Staff must wear appropriate clothing with the minimum requirements being appropriate footwear or bare feet.

If children have forgotten their kit, a range of suitable clothing is available but not footwear. And a letter **must** be sent home requesting parents to provide suitable kit for their child. Swimming hats **must** not be borrowed unless from sibling.

Long hair must be tied back. No jewellery is to be worn during P.E. sessions, including earrings. However, children who have recently had their ears pierced must cover them with tape.

Equipment

Teachers must regularly remind children about the correct and safe way of moving and carrying equipment. If children are asked to collect equipment from the shed, or return it, it is the responsibility of the teacher to make sure that this is done safely and in a responsible manner. At least two children should carry each piece of large equipment, with four children used if needed. Children need to be aware of others around them as they move and use equipment. All equipment must be returned to its original position.

The mats are provided for comfort when working on the floor and as a piece of equipment in their own right and **not as a safeguard**. If the children are being challenged on apparatus mats should be used for health and safety reasons.

Faulty equipment should immediately be reported to the Headteacher and should be removed from service. The large P.E. equipment is regularly checked and serviced by a recognised contractor.

Universal Services complete an annual check on all PE equipment in school in the Autumn term.

Enrichment and the Wider Community

The school run a number of additional enrichment activities and clubs. External providers run after school clubs which include football; netball; gymnastics; multi-skills and dance.

Every pupil is given access to at least one sporting fixture or festival in each academic year. These are planned to link with the curriculum for P.E to enable pupils to gain the relevant skills before participation.

Spiritual, Moral, Social and Cultural Development

The P.E curriculum and enrichment opportunities inherently support the spiritual, moral, social and cultural development of the pupils at Frieth by enabling pupils to:

- Understand that humans are nurtured via their mind, body and spirit which influence each other
- Develop human qualities of self-discipline, commitment, perseverance and self-confidence involved in developing physical skills and achieving success in physical education
- Appreciate the need for self-improvement

- Experience the pleasure, exhilaration and aesthetics of mastering a skill, achieving and watching excellence
- Learn and achieve balance and control of the body
- Enjoy and know the quality of stillness
- Learn about their own strengths and limitations
- Learn to respect the 'rules of the game'
- Reflect on questions relating to cheating and fair play
- Learn to cooperate with others and develop team spirit

Cultural diversity and community cohesion in P.E provides opportunities to:

- Explore how sport plays an important part in the bringing together of a wide range of people from all ethnicities, cultures, backgrounds and faiths through attendance at inter and intra school fixtures and festivals across school age range
- Understand the role of sport and movement in different cultures e.g dance
- Share and work with others effectively through a variety of games, sport, outdoor and adventurous activities, problem solving activities
- Value and respect diversity of game and sport from around the world

Impact

Recording

Pupils work in P.E can be recorded through video, photographic evidence and written work. It is the responsibility of the class teacher to collate this work. Pupils can record their techniques in one lesson in order to build on their practice in the next. Lessons will include performance and evaluation sections which can also be recorded.

Scores and timings for individual activities can be kept to demonstrate individual progress and targets for pupils.

Assessment

The Frieth PE progression document enables staff to understand what pupils have learnt before, what they need to learn now and what they will learn next.

Formative Assessment

It is the responsibility of the class teacher to record their formative assessment in whichever way best suits their needs. There is a progression assessment grid available for each year group.

Summative Assessment

At the end of each term, pupils will be assessed within one of the following bands: Pre-Key Stage (PKS); Working Towards the curriculum (WT); Working at Expected (EXP); Working at Greater depth (GDS). Levels are added to the Insight Assessment tool for the subject lead to analyse.

Pupils will be expected to demonstrate all the core skills on the progression table relevant to their year group to be assessed as EXP.

Pupils working at greater depth will be expected to utilise the expected level of development to explain, create and develop their own games, rules, warm ups, activities and aesthetic routines. They will be able to demonstrate how they are developing their P.E learning through participating in external opportunities.

Reporting

A final summative assessment for P.E will be reported to parents within the annual school report.

Monitoring

The PE subject leader is responsible for the monitoring of P.E teaching, learning and outcomes across the school. In the event that there is no P.E lead, the responsibility devolves to the Senior Leadership team.

P.E is monitored throughout all year groups using a variety of strategies such as lesson observations, performances and pupil interviews.
