

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

Objectives in spending PPG:

- To ensure the learning needs of all pupil premium pupils are being addressed through daily intervention and quality first support within classroom teaching and that emotional support is available where necessary.
- To provide 1:1 tutoring sessions to KS1 pupil premium pupils to facilitate curriculum catch-up.
- To provide ongoing emotional support for vulnerable pupils with an ELSA on site at all times.
- To continue to provide high-quality reading materials for disadvantaged pupils to keep in their homes.
- To enable disadvantaged children to attend school trips.
- To enable disadvantaged pupils to participate in before and after school clubs and wrap-around care.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among some of our disadvantaged pupils.
2	The support of 2 new pupils who have travelled from the Ukraine in settling, accessing education and becoming fully participative members of our school community.
3	Data indicates that one of our disadvantaged pupils did not the expected ELG level in mathematics, reading and writing.
4	Our assessments (including wellbeing survey), observations and discussions with pupils and families have identified social and emotional issues for many pupils and a lack of enrichment opportunities during school closure. These challenges particularly affect disadvantaged pupils, including their attainment.

	Teacher referrals for ELSA support have markedly increased during the pandemic. 5 pupils currently require additional support with social and emotional needs through attendance at small group or 1:1 ELSA sessions.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021 and 2021-2022, therefore results will not be used to hold schools to account.

Outcomes documented in last year's report:

- Pupils have responded well to the nurture group work, including talking and drawing therapy, and are successfully integrated into the life of the school.
- Pupils identified for further LSA support are making good progress and have achieved the expected standard in English and maths.
- Pupils identified for 1:1 tuition were invited to participate and received additional support.
- Disadvantaged pupils have gained confidence from participation in extra-curricular activities and have enhanced their skills through the opportunities provided.
- Children have access to resources in their homes which are encouraging educational activity outside of school hours.
