Frieth School Vision statement

‘...Your light must shine before people, so that they see the good things you do.’

Matthew 5:16

We shine a light on individual success and open the doors to our future global citizens by developing potential without limitations.

Core Principles:

We are a church school with Christian values. We follow the guidance of the Church of England, including the document ‘Valuing All God’s Children’.

In the Autumn term 2020, we consulted our whole school community about the Christian values that they believed were the most important for us to be focussing on. What values did we hope our pupils would leave us with? What values would we want to see in the Frieth Village community? What values would best prepare our children for their futures as global citizens? These values can be seen below:

Respect
Responsibility
Resilience
Kindness
Honesty
Creativity

The philosophy of our school talks of valuing the individuality of all our children, but in the context of this policy all stakeholders of the school will receive equal recognition, access and support to achieve all parts of this policy. At this school the word ‘stakeholders’ includes the following groups of people: staff, governors, children, parents/guardians/carers, peripatetic staff and all visitors.

We are committed to giving all our children/stakeholders every opportunity to achieve the highest of standards. Within this ethos of achievement, we do not tolerate bullying and harassment of any kind. We actively tackle discrimination against the protected characteristics as set out in the 2010 Equalities Act:

- Age.
- Disability.
- Gender reassignment.
- Marriage or civil partnership (in employment only)
- Pregnancy and maternity.
- Race.

- Religion or belief.
- Sex
- Sexual orientation

Within the context of the school we aim to positively transform individual and shared circumstances, perceptions, attitudes and relations. We aim to reflect the diversity of our local community and society and ensure that the education we offer reduces the chances of social divisions and parallel lives by recognising, celebrating and valuing different backgrounds, lifestyles and identities.

We believe that these commitments are as important in the context of a school with limited ethnic diversity as well as in a school with a diverse population whatever that diversity may be.

Through this policy, separate policies and the work within school we aim to ensure that the school promotes the individuality of all our children/stakeholders, irrespective of; ethnicity, sexual orientation, disability, gender, gender re-assignment, religion, belief / non belief or background. We are committed to ensuring that positive action is taken where necessary to redress the balance of inequality that may exist. Based on this our school's Admissions Policy is equally open to children and families from all groups within our society.

Through the school's curriculum and within the context of the school we aim to positively transform individual and shared circumstances, perceptions, attitudes and relations. We aim to reflect the diversity of our local community and society and ensure that the education we offer reduces the chances of social divisions and parallel lives by recognising, celebrating and valuing different backgrounds, lifestyles and identities.

We believe that these commitments are as important in the context of a school with limited ethnic diversity as well as in a school with a diverse population whatever that diversity may be.

The school's current profile:

We are a small village school with 156 pupils comprising of 66 boys and 90 girls at the start of the second half of the Spring Term 2024 - 2025. In our catchment area there is not a wide variety of ethnic mix, and this is reflected within the school. We have 6% EAL pupils and a similar proportion of ethnicities other than White British. The age profile of our teaching staff ranges from Early 20s to Early 60s.

Within the county we are blessed with many different religions and we actively explore the opportunity to ensure that our children are taught about diversity within this and the ethnic context.

Legislative context:

Equality is not about benefiting some people at the expense of others - equality benefits everyone. In an effort to ensure that marginalised groups are given equal opportunity this policy will prioritise the following groups.

Disabled persons - We follow the social model of disability which means that we understand that the barriers to disabled persons securing equality are due to the physical environment and people's attitudes. Disabled people include those with physical and sensory impairment (difficulties), learning disabilities, mental illness, long term illness all of which are substantial.

With regard to age our focus is on older persons (over 60) and people younger than the age profile of this school. With regard to race equality we accept the definition of a racist incident based on recommendation 12 of the Report of the Stephen Lawrence Enquiry: **'A racist incident is any incident which is perceived to be racist by the victim or any other person'**. All incidents are treated with the greatest respect, are fully investigated and reported on to Governing Body in the Headteacher's termly report and to the LA.

With regard to sexual orientation we refer to the LGBT+ community i.e. lesbians, gay, bisexual and transgender people.

With regard to religion we actively support the rights of all to practice their belief /non beliefs equally.

Development of the Policy:

This policy was created in consultation with all stakeholders and lead by a group of governors;

The consultation groups included:

- All staff
- All governors
- The School Council
- A Working Group made up from people from a diverse group that has considered: gender, ethnicity, belief/non-belief, and parent body, members of the local community and faith groups.
- A wide and varied consultation group advice was sought including;

A consultation period time where the proposed document was part of the school's website enabled feedback from further groups. Including those schools that both feed to and are fed from this school.

Harassment and grievance procedures

Harassment has the effect of destroying dignity and undermining the confidence of employees. It can take many forms including physical contact, bullying, threatening or

The school has procedures to resolve grievances and for the handling of complaints of harassment and bullying at work. The Governing Body is committed to investigate any such complaint. These procedures will be followed carefully and promptly in response to any such complaint. The first point of contact for any such complaint should be ***Chair of the Governing Body or Governor responsible for Equality and Community Cohesion***. Putting Policy into Practice

The School's Development Plan takes into account aims and actions from this comprehensive policy. A member of the school's Leadership Team will at all times ensure that points of action and areas of development are achieved, this will be overseen by the governor responsible for Community Cohesion.

Each school year the development plan will indicate the actions and persons responsible for those actions. The development plan is a document created, shared and actioned by all staff and the Governing Body. A School Development Working Group exists on the Governing Body those leading the SDP also have accountability to this group for their actions and outcomes.

A clear plan of action is in place (see SDP in each individual year).

Monitoring and Reviewing

We have a rolling programme for reviewing our school policies. When policies are reviewed in future, governors will endeavour to ensure that due regard is given to the promotion of all aspects of equality within each policy.

We regularly review the impact of our policies on the needs, entitlements and outcomes for children, staff and parents from the equality strands referred to in this policy. We pay specific attention to the impact that our policies have on the attainment of children from different groups.

We make regular assessments of children's learning and use this information to track children's progress, as they move through the school. As part of this process, we regularly monitor the performance of different groups, to ensure that all groups of children are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary. Resources are available to support groups of children where the information suggests that progress is not as good as it should be. The governing body receives regular updates on child performance information.

School performance information is compared to national data and Local Authority data, to ensure that children are making appropriate progress when compared to all schools, and to schools in similar circumstances.

As well as monitoring performance information, we also regularly monitor a range of

other information. This relates to:

- Exclusions;

- Incidents of racism, disabilism, sexual harassment and all forms of bullying;
- Parental involvement.

Our monitoring activities enable us to identify any differences in pupil performance. This allows us to take appropriate action to meet the needs of specific groups and to set targets in our strategic plan, in order to make the necessary improvements.

Impact Assessments and how this policy relates to other school

We ensure that the commitments embodied in our mission statement for equality apply to the full range of our policies and practices, especially those concerned with:

- Equal opportunities
- Progress attainment and assessment
- Behaviour discipline and exclusions
- Personal development and pastoral care in children
- Teaching and learning
- Induction
- Admissions and attendance
- The curriculum
- All subjects
- Teaching and learning
- Staff recruitment and retention
- Governor /staff training and professional development
- Partnerships with parents/carers and communities
- Visits and visitors

Each policy, and any other relevant policies as outlined in the specific duties placed upon us by the relevant legislation, will be evaluated and monitored for its impact on children, staff, parents and carers from the different groups that make up our school. As part of the action plan a timeline of high, medium and low priority policies for impact assessment will be drawn up.
