

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

Objectives in spending PPG:

- To ensure the learning needs of all pupil premium pupils are being addressed through daily intervention and quality first support within classroom teaching and that emotional support is available where necessary.
- To provide 1:1 tutoring sessions to pupil premium pupils to facilitate curriculum catch-up.
- To provide ongoing emotional support for vulnerable pupils with an ELSA on site at all times.
- To continue to provide high-quality reading materials for disadvantaged pupils to keep in their homes.
- To enable disadvantaged children to attend school trips.
- To enable disadvantaged pupils to participate in before and after school clubs and wrap-around care.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among some of our disadvantaged pupils.
2	Data indicates that four pupils are currently working below the expected standard in maths.
3	Data indicates that one pupil is below the expected standard in reading.
4	Data indicates that five pupils are below the expected standard in writing.
5	Data indicates that one pupil is below the expected standard in reading, writing and maths.

6	<p>Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils. These challenges particularly affect disadvantaged pupils, including their attainment.</p> <p>Teacher referrals for ELSA support continue to be high. Two PP pupils currently require additional support with social and emotional needs through attendance at small group or 1:1 ELSA sessions.</p>

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Evaluation of the 2023-2024 Intended Outcome Success Criteria:

1. To ensure the learning needs of all pupil premium pupils are being addressed through daily intervention and quality first support within the classroom teaching and emotional support is available where necessary.
63% of pupil premium pupils made at least the expected progress in maths and reading during the year 2023-2024, with 88% making at least the expected progress in writing.
Some pupils have been identified as working below the expected standard in reading, writing and maths and reducing this gap will be a focus for academic year 2024-2025.
2. Pupils A and B will access their year groups curriculums and show expected levels of academic progress by June 2023.
During the course of the year, Pupil A left the school.
Pupil B has been able to access the relevant year group curriculum and was working at the expected standard in writing, GPS, maths and science by the end of the academic year. Although working towards the expected standard in reading, this child did make accelerated progress in this area.
3. Pupil C will be working at expected standard maths and writing by July 2024.
This pupil received weekly 1:1 or small group tuition and had regular access to LSA support and ELSA guidance. By the end of the 2023-2024 academic year, they were working towards the expected standard in writing and maths.
Pupils D, E and F will be working at expected standard in writing by July 2024.
By the end of the academic year, Pupils E and F were at the expected standard for writing.
4. To provide ongoing emotional support for vulnerable pupils with an ELSA on site at all times.
Three pupil premium pupils have accessed regular ELSA support over the academic year 2023-2024.
5. To provide high quality reading material for disadvantaged pupils to keep in their homes.
All eligible pupils received either the Storytime magazine (EYFS/KS1) or The Week Junior (KS2).
6. To enable disadvantaged children to attend school visits.
All pupils were able to access and attend school visits/school workshops.

7. To enable disadvantaged pupils to participate in before and after school clubs. Subsidised access to wrap-around care continued. Access to after-school clubs, including Kickboxing, Rugby and Gymnastics, continued.
