Dear Parents and Carers,

On behalf of the Governing Body, I would like to express our sincere thanks for the continued support of our school community following the recent Ofsted inspection. We would also like to acknowledge and thank our leadership team and staff for their dedication and professionalism during the visit.

We are incredibly proud of the report and the many positive comments it contains. It is a testament to the hard work, dedication and professionalism of the entire staff team and the strong, committed leadership that guides the school. The inspectors recognised not only the quality of provision at Frieth but also the positive impact of the school's growth and the new leadership structure. This is something we, as governors, have seen developing over time and it is heartening to see it acknowledged so clearly.

What we are most proud of is how effectively the report reflects the spirit of the school and the experiences of the children who learn here. Inspectors spoke about pupils who are "happy and proud of their school" and how they "start the day with smiles on their faces." They also highlighted that children "feel they belong" and "benefit from an extensive range of opportunities and experiences that enrich school life," resulting in pupils who "are confident and ambitious" and "leave Frieth as well-rounded and compassionate young citizens."

We are extremely excited about the future of the school, with strong foundations now firmly in place, and the leadership team has already begun implementing plans to address the small number of areas identified for improvement. We have full confidence in their ability to drive the school forward, supported by the report's recognition of their clear vision and high ambition, and unwavering commitment to continuous improvement.
